Bialetti Industrie S.p.A. is one of Italy's leading industries and a key operator in international markets. Its brand is acknowledged as a synonym for "made in Italy products of quality". The Group is the owner of brands of long-standing tradition and fame like Bialetti, Rondine, Girmi, Aeternum and CEM. Bialetti Industrie is active in the production and sale of products for the home and in particular cooking utensils, coffee makers and small household appliances through its two strategic divisions, "*Housewares*" (cookware, non-electric coffee makers and kitchen accessories) and "*PED*" (small electrical appliances, including electric coffee makers), both dedicated to mass retail chains and retail stores. Over the years Bialetti Industrie has distinguished itself for its highly innovative and quality products and also for the use of new materials and technologies. Its manufacturing plants are located in Italy – in the provinces of Brescia (Coccaglio) and Verbania (Omegna) and also in Turkey and Romania. The level of excellence achieved is the result of the Group's ability to associate its products with values of tradition, quality, durability over time, design and safety, in line with its strategy of social and environmental responsibility, which is perfectly expressed in the Group's philosophy: "add value to daily life" .
